STATEMENT OF FACTS

6. On January 14, 2008, RIC filed an electronic application through the CRD for broker-dealer registration in the state of Alabama. A review of Web CRD disclosure section reflected that RIC had effected securities transactions without the benefit of registration in the following states: Maine, Montana, Missouri, Maryland, Massachusetts, Oregon, and Wisconsin.

7. The staff's review of the Commission's records ascertained that none of the Respondents has ever been registered as a broker-dealer or a broker-dealer agent in the state of Alabama.

8. On January 25, 2008, the Commission staff issued a deficiency letter to RIC requesting information concerning their custody of customer funds, discretionary authority, and prior activity in the state of Alabama.

9. On January 25, 2008, the Commission staff issued a visitation letter via certified mail to RIC's clearing firm, Pershing, LLC ("Pershing").

10. On February 8, 2008, the Commission staff received a response from Pershing. Documents provided by Pershing reflected that 6 accounts had been introduced to Pershing by RIC with an Alabama state code. Pershing submitted

printouts of the account information screens for each account as well as a CD containing all trade confirmations for the accounts. The printouts reflected that RIC effected 267 securities transactions for Alabama investors from November 6, 2001 to February 1, 2008, totaling \$13,646.82 in commissions. Of the 267 securities transactions, WELCH effected 10 transactions; B BONGA together with D BONGA and WELCH effected 129 transactions; and D BONGA effected 128 transactions.

11. On February 14, 2008, the Commission staff received a response from RIC. In the response, DRAKE stated that RIC does not maintain custody of its customers' funds and does not maintain discretionary authority over its Alabama accounts. DRAKE submitted a sworn affidavit acknowledging unregistered sales of securities in Alabama and stating that all pertinent information relating to account activity had been provided by Pershing.

12. On March 11, 2008, the Commission staff issued a continued deficiency letter to RIC requesting all account documents, specifically requesting information concerning the dates the accounts were opened, place of client residency, and change of addresses for Alabama clients.

13. On March 24, 2008, the Commission staff received a response from DRAKE advising that RIC had considered the accounts with Alabama addresses related Chicago accounts. DRAKE stated that RIC was not registered in Alabama because it mistakenly believed that Alabama had a *de minimis* statute. DRAKE informed the staff that when notified that Alabama required registration, RIC immediately alerted its broker dealer agents to stop effecting trades in Alabama and took action to register. All trading in the Alabama accounts ceased when RIC was notified of Alabama's law.

14. On May 9, 2008, the Commission staff requested via email that RIC provide further information regarding the accounts with Alabama addresses.

15. On May 19, 2008, RIC provided copies of the new account forms executed to open the accounts with Alabama addresses. After reviewing the new

account forms, the staff determined that under Alabama registration requirements the investors are Alabama residents.

16. On July 25, 2008, Commission staff discussed the matter with DRAKE during a telephone conversation. After the discussion, DRAKE faxed a letter to the staff waiving the Respondents' rights to a hearing and asking that the matter be resolved through agreement. Respondents have assisted the staff in the review of the situation and have complied with all of the staff's requests.
